

# Results of the FY21 Toyota Dream Car USA Art Contest

Now in its 10<sup>th</sup> year in the United States, the Toyota Dream Car USA Art Contest is designed to inspire creativity in youth and imagine the future of mobility. Each year, three winners are selected in each of the three age categories (4-7 years; 8-11 years; and 12-15 years), with judging based on artistry, uniqueness, and execution of concept: Gold Award (first place), Silver Award (second place); and Bronze Award (third place).

The three-round competitive selection process allows for careful review to determine the winners. After assessing eligible entries, U.S. Semi-Finalists are selected from each age category in the first round (this year, 100 total; 40 in Category 2 and 30 each in Category 1 and Category 3). The second round review results in the selection of U.S. Finalists (this year, 31 total; 11 in Category 1 and 10 each in Category 2 and Category 3), which are assessed in the third round by a panel of judges (this year, 12 judges) tasked to choose the nine U.S. Winners. For the first time, Honorable Mention Awards were given to one youth in each of the age categories. To learn more, visit:
